Notes...

© 2007. Redistribution prohibited. As is true of any unofficial endeavor, this schedule card may contain errors. None of the connections shown is guaranteed. To minimize disappointment, we do not show tight connections (< 5 minutes) unless the wait for the next bus or train would be reasonable (< 45 minutes). Always check that you are getting on a bus or train that serves your stop. With Caltrain, also check that you are getting on the fastest train, which is not necessarily the first one to leave. (If a train stops at some station but is not the fastest train to that station, we leave the cell blank; check the train in the next row.) This schedule card is new and we are interested in your comments and suggestions. Please go to www.iridethebus.org and click *Forum*.
